The Official CHD Street Therapy T-Shirt

The Official CHD T-Shirt encompasses the entire game plan of life. The CHD model on the “T” is the game piece and is ideally situated over the heart because the heart is where our differences vacate and our spirits rejuvenate. God made us whole, and as a projection of His perfection, to connect with other spiritual beings in love and affection through a spiritual connection. The CHD model sets the standards and we set the example by playing this game in God’s name.

“Street” and “Therapy” are the two major players that perform in the entire equation of life and represent the extent to which our personal, professional and spiritual values are aligned or misaligned with our true nature – Spirituality – housed within the CHD model – a.k.a. God.

When we wear the CHD “T” we are exemplifying the ultimate expression of human performance – PLAY. The CHD T represents play at its best, and there is no force greater than the power of God when we are at PLAY.

I will teach anyone or any organization how to put the power of God – a power that we all possess – into PLAY during my Power of PLAY sessions.

My reason for designing the CHD T-shirt and starting Corporate Health Dynamics (CHD) Street Therapy:

I wanted to start a PLAY revolution, as the simple solution, for advancing the evolution of human potential in every aspect of our lives. The world in small; what affects just one affects us all. My passion is in touching the hearts of people worldwide in the spirit of play in a way that can level the playing field in love and affection through a peaceful resurrection.

Over the past 30 years I have found that PLAY brings out our unique individual qualities, which reestablishes the unity in a world community. Individually we are weak and vulnerable to defeat, but together we can gather the power to be the elite, all through the spirit of PLAY.

If you want to make the world a better place than what you see, get the CHD “T” and play along with me.

Playfully yours,
