

CHD Street Therapy “Power of PLAY” and PAY

Hello, my name is Oliver Rhodes, and I am a prolific professional with a passion for putting people and professional practitioners on a path of pure potentiality through the power of play. For more than twenty years, I have been developing an incredible game plan for advancing the evolution of human potential in spiritual health, healing, and prosperity.

The game plan is a God-inspired, scientific methodology, fully operational, with implications of universal application. The purpose of the game plan is to teach you how to live a Passionate Life of Adventure and Youthfulness™ (PLAY), and to earn a substantial amount of pay as you learn how to play Corporate Health Dynamics (CHD) Street Therapy.

CHD Street Therapy is the simple solution to our evolution and the key to our invincibility, making that which is often dormant, our spirits, revive and vigorously thrive as the ultimate expression of human performance. And the ultimate expression of human performance is PLAY! The game is fun, exciting, challenging and as simple as 123:

1. Invest in the best
2. Play at your personal best
3. Share the quest with all the rest

The game plan was designed to cost you *absolutely nothing*, since the return on your initial investment will offset any cost to you. In the first round of play, players contribute their investment to advance to the next round of play. The second round puts you in the position to display your passion to play before others who invest to see you present the course on the Power of Play, and the third round is where everyone who has taken the course inspires others to join by sharing the benefits of living a PLAY that conveys:

1. An incredible level of spiritual well-being
2. A passion for life-long learning
3. Personal and professional mastery and prosperity

When you become a CHD Street Therapy team player (Certified Playologist), not only do you earn as you learn, you also become extremely healthy as you become *interdependently* wealthy. The dream is exceptionally real and can have a strong appeal for enticing others to learn how to play the field so they too can experience the thrill – the more you play, the more you earn pay. You will have an infinite number of opportunities to:

1. Travel and showcase your passion to play
2. Develop healthy relationships among team players
3. Connect with people from all over the world

God is happiest when His children are at play, as well as all life forms that display play as a way to add happiness to their day. Therefore, when we are at play we are serving a higher purpose, because those who play together stay together in the spirit of love, peace, and kindness. This is the kind of kindness that attracts incredible playmates, honorable teammates, and life-long soul mates – a law of attraction that *synergistically* leads to life satisfaction. For more information on this great opportunity, please call the number listed below.
