

# Corporate Health Dynamics Street Therapy

---

## What's Wrong with our World?

Answer: The powerful influence of the infamous streets. Street influence is a confounding variable that represents a population with conflicting values, interpretations, and ideologies that do not support the Corporate Health Dynamics (CHD) Model - it distorts the CHD Model.

What's right with our world? Absolutely nothing.

Reason: There is an inverse relationship between spiritual values and material values throughout the entire universe, and we cannot have it both ways because we are all connected on a sliding scale of either one or the other.

We either get the Therapy and experience the clarity in spiritual health, healing and prosperity, or we get absolutely nothing of real value – Street Influence.

What is real value? The CHD Model!

The CHD Model is a representation of the human body and it's dynamics, it is the epitome of excellence, and a perfect example of how any organizational system should conduct its business, and we are all in the business of taking better care of our spiritual self, each other and the planet on which we live.

We, as a people, are not setting the above example, and this is why we get nothing of real value, or will ever have anything of real value as long as we continue to take our cues from the Streets (a.k.a. Satan) instead of that which is complete - the Almighty Elite - (a.k.a. God) housed right there within the CHD Model.

There is power in numbers and since there is a large percentage of us who are playing a part (ill will over good will or God's will) that exemplifies all the crazy **adult** behavior that is happening throughout the world, what do we do in order to play this game in favor of taking our cues (free will) from that which is complete – the Almighty Elite – God's will?

Answer: We will continue to do what we have always been accustomed to doing – Nothing of real value – ill will.

So, what is the solution? The simple solution to our evolution and the key to our invincibility are evident throughout this entire document. Do you know what that evidence reveals?
